RENEWED

TESTIMONY

No one in Norway suffers headaches or distressing urinary ills, can afford to ignore this Norway woman's twice-told story. It is confirmed testimony that no Norway resident can doubt.

Mrs. Myrtle Payne, 237 Main St. Norway, says: "I used Doan's Pills and am thoroughly satisfied they are a dependable kidney remedy. I had more or less pain across my back and kidneys which annoyed me when stooping or lifting. I found Doan's Pills good for the trouble and after I used this remedy the pains lessened. I have been practically free from the trouble since taking Doan's and feel they deserve my recommendation. (Statement given June 7, 1916.)

On September 3, 1920 Mrs. Payne said: "The statement I made holds good. I recommend Doan's as highly today as I have during the past. The good they did me has lasted."

IN MEMORIAM

Written in remembrance of Jerry Mattor
God took a beautiful flower.
That grew on this earth so fair.
He has gone to that bright home above us.
To live and to bloom again there.
And some beautiful day we may meet him again.
The flower that everyone loved;
We hope and we pray
That these will ever be true.
When we meet them in that bright home above.
By EMILY MAE EVERETT.

Moore's Won't Leak

Price \$2.50 and up

The principle which makes this pen non-leakable is the method of sealing the reservoir by a hard rubber cone. By the employment of a screw-thread at the mouth of the barrel which engages another thread in the cap the pen is made bottle-tight. It can be carried in any pocket, hand-bag or traveling case without danger of leaking. When you put the stopper in a bottle and a cap to hold it in place, you know it cannot leak. This result expected by theory is proven in practice. The Moore Non-Leakable Pen cannot leak for it is

Missed on the Road
A singular thing happened last Thurs-
day, Sept. 25. Mr. and Mrs. E. T. Jud-
kins started to visit their aunt, Mrs.
Sylvia Andrews, and her daughter, Mrs.
Mabel Wilbur, who live on Bell Hill in
Oxford. On arriving at that place,
their cousin met them at the door telling
them that their aunt, Mrs. Andrews, a
lady of eighty years, and a friend, Mrs.
Alice Wilbur of North Bridgton, had
gone to North Norway to visit them.
They had missed each other on the road
though both took the same route.
What to do was the question. They finally
decided to wait right there for fear of
missing each other on the road again.
Soon they came, as Mrs. Wilbur does not
let the grass grow under the wheels of
her nice sedan. The aunt seemed none
the worse for her ride and they all spent
a most enjoyable afternoon visiting to-
gether.

NORTH PARIS

Harlow-Curtis
A private wedding took place Sunday evening at 9:30 o'clock at the Methodist parsonage at Mechanic Falls, when Rena E. Curtis and Gerald L. Harlow were united in marriage by Rev. O. B. Bryant. The double ring service was used. They were attended by the bride's sister and brother, Ruth and Rupert Curtis. The bride was lovely in a white canton crepe gown and the bride's maid wore blue canton crepe with gold lace. The other guests were Mrs. Mary Curtis of North Paris, mother of the bride, and Melville Strout and Malcolm Downing. Outside, unknown to the bride and groom were eight cars, and the occupants greeted them as they came out with shower after shower of confetti and rice. Percy Keene, whose auto was decorated with tin cans and pulled the couple to their home on Pine Street. Here, they were again greeted by friends who seemed to have plenty of confetti to spare.

At 10:30 a wedding lunch was served by Mr. and Mrs. Harlow to Mrs. Mary Curtis, Ruth Curtis, Malcolm Downing, Melville Strout and Rupert Curtis. One of the big attractions was the wedding cake made by the bride's mother. The bride is the daughter of the late George L. and Mary A. Curtis of North Paris. She has seven brothers and two sisters and was educated in the public schools of Paris. The past two years she has been working at Mechanic Falls where she won the scholarship of all she met. The groom is the son of Ralph L. Harlow, East Poland, and is employed as a chauffeur for Percy Keene.

Next Sunday will also be Rally Day in the Sunday School and a large attendance is expected to be registered. Horace Wade who was the pastor's musical director at Richmond, led the chorus, Sunday evening, and rendered a solo. His services were greatly appreciated.

Vice Pres.—Mrs. N. B. Pearson.
Sec.—Mrs. O. L. Stone.
Treas.—Mrs. Carrie Philbrook.
Supt. of Misses—Mrs. Gladys Noyes.

Mrs. Hiram Cole's solos at the morning and evening services are very pleasing and add much to the spirit of worship.

Universalist
A large delegation from the local parish and Sunday School attended the annual State Convention which was held at the Universalist Church in Gardiner, on Sept. 22-23. An interesting report was given at the Sunday School by Mrs. Cole and Mrs. Danforth. It was very gratifying to note that there was a larger delegation from the Norway Church than from any other church in the state. The convention in 1925 will be held at South Paris.

Rally Day will be observed, Sunday, Oct. 5. Rev. C. O. Miller will deliver a sermon appropriate to Rally Day. There will be special music by the choir. The Sunday School will have exercises and music.

Y. P. C. U. will resume their services, Oct. 5, at 7 o'clock.

Congregational
Rally day will be observed next Sunday morning, subject of the sermon, "Duty and Privilege of Church Attendance" with a special sermonette for the children.

Special exercises have been arranged for the church school at noon, including the promotion of pupils and presentation of departmental diplomas and grade certificates by the pastor. The church vestry will be decorated for the occasion.

Junior Endeavor, Sunday at 3 p. m., subject, "Jesus giving His life for us," leader, Bernice Sharon.

Senior Endeavor at 6:30 p. m., topic, "How Jesus cheered the fearful and discouraged." Leader, Doris Cole.

Sunday evening, Rev. J. L. Wilson of South Paris will preach in exchange with the pastor.

The Juniors, with their superintendent, Mrs. P. H. Nevers, enjoyed their fall hike to the "Tea Tray" at the public camping ground, Wednesday afternoon. Games, refreshments and a picnic supper made the little people happy. Mrs. Luella Smiley kindly opened the tea room for the occasion and the children appreciated the verandas with the chairs and tables.

Episcopal
Services at Christ Church on Park St., will continue next Sunday at 10 o'clock conducted by Lay Reader J. Henderson Carson.

Agricultural Class Notes
The Aggies will have their annual corn roast, Monday evening on the Oxford plains. Each student may invite a girl partner.

On Wednesday, Prof. Brown invited the freshmen to Prude's meadow, where a large celery patch had been under the instructor's care during the summer. The Aggies watched the process of harvesting and marketing, also made notes on the methods of growing and bleaching.

This week the freshmen have studied corn, its type, manner of fertilization and growth. A variety of specimens gathered from widely scattered farms were used. Shop work was confined to building frames.

The Juniors have made field trips looking for favorable places, on Deal Street for orchards. Soil conditions, slope of the land by compass with number and variety of trees suitable in given areas were topics under consideration.

Drama

Tempest and Sunshine

Norway Opera House was comfortably filled, Tuesday evening in spite of the storm, when Mary J. Holmes' popular story, "Tempest and Sunshine," was presented by the Temple Pythian Sisters. The story is told in four acts and set on a Kentucky plantation years before the Civil War. Joshua Middleton, the owner, and his two daughters, "Tempest" and "Sunshine" are the central figures around which other characters of importance are grouped. Contrary to the custom, the authors seeking a plot immigrated from the "homestead farm" and "rich mine" themes to settling the stage in a family with one sister very much more villainous and devilish. In meek and one villainous is the master other directing two male accomplices against an innocent sister in her love affairs. Humor is blended nicely with intrigue. Two slaves, Mammy Sue and Bobaway, had a place in the laugh factory as did Joshua in his uncouth speeches and gruffness.

The characters were well cast. Mrs. Eugene Stevens as "Julia Middleton" or "Tempest" appeared strong in the self-willed and fiery instigator of trouble. The ability to display changing moods as occasions required was one of the prominent features in Mrs. Stevens' impersonation.

Of course Doris Cummings as "Fanny Middleton" or "Sunshine" had the sympathy of the audience in her struggle against the entangling web woven in a subtle manner by Tempest. The part was played up strong and splendid interpretation of an unconscious victim so dear to the heart of the authors.

Harold A. Anderson as "Joshua Middleton" proved a typical Kentucky plantation owner with an abundance of wealth, gruffness, swear words and common sense, but no education. A marked contrast to a regular bear in the first act to the real father, broken in spirit in the last scene, was one of the outstanding features in the portrayal of this character.

A neighbor, "Hugh Stanton" making love to Sunshine, was played by Stephen Braden. His attitude was very gratifying to the audience in his determination to win her at all costs, became the "tool" of Tempest and fell into disgrace. He was the kind of a villain the audience wanted to chase into the dug-out and apply the strangle hold.

A young school master from the East, "Richard Whitton," played by Paul Nevers. Winning the hand of Sunshine was the cue that Tempest accepted as a motive for her diabolical scheme. When alleged proofs of his sweetheart's double crossing with Stanton were presented, he meekly accepted the forged facts and caused the girl to leave the play.

His marriage with the vamp, Tempest, was checked at the psychological moment.

A temperance lecture might be illustrated in the character of "Joseph Dunn" a human derelict, impersonated by Clarence Dyer. At one time a bank clerk, but weakened by strong drink and out of a job, he was an easy prey to the wiles of Tempest. Money caused him to reproduce Sunshine's handwriting on spurious letters that were used in Tempest's work of ruin. He fell into the good graces of the audience before the final curtain by confessing his guilt and showing up Tempest in her own right.

The old "Mammy Sue" impersonated by Mrs. Ronell Bicknell was a portrayal of the superstitious dandy of the anti-bellum days. She proved a true friend to Sunshine and was a connecting link uniting the daughter and father before the end of the story.

The humorists, "Sunshine" convulsed the audience, proving Mrs. Bicknell's ability to put across a part of this kind while holding the character true to type.

A frisky colored boy was "Bobaway" played by Genie Thompson. The chap was the kind usually under foot with not much else on his mind except fun and pranks.

Specialties between the acts were furnished by Emery Wentzel as soloist; Leo Dube, acrobatic dancing, and Doris Cummings in a reading, "Penrod's Letter" by Booth Parkington. The Imperial Male Quartet rendered strains from Southern melodies and stage settings.

Music for the play and the dance which followed was furnished by True's Orchestra.

The play was staged by Harold A. Anderson of Norway, the well known producer and good work was performed. The acting, the costumes and stage setting all showed careful preparation and study.

Mrs. Ronell Bicknell deserves credit for hours spent gathering together costumes, stage furniture and in a general supervision of arrangements.

A group of Oxford bowlers was in town, Wednesday evening, working out a practice game with a local pick-up team. Miss Margaret Welch, who has been visiting her parents, Mr. and Mrs. Merwin Welch, went to Biddeford, Monday, where she has a position in the Biddeford Hospital. Miss Welch recently graduated from the Byrd and Bar Infirmaries at Portland.

Malcolm Gregg is having his vacation and spending it with friends from Providence, R. I., at his camp at Richardson, Lakes.

Dale Allen entered Bates College this week.

Shaw's Orchestra, eight pieces, of So. Paris, has been engaged for the Pioneers' old fashioned ball and carnival.

Jesse S. Allard and Howard E. Moulton went to Conway, N. H., Thursday, for a stay of two months. Having bought a house there, they will superintend extensive repairs while the weather is agreeable and return to Norway before winter becomes settled.

The house board on the street side of the house next the Opera House has been removed and a more slightly front will soon be in place.

Crockett Ridge and Millettville

Last Sunday afternoon after church, Mrs. Addie Danforth and Mr. and Mrs. Philney Allen went by automobile with Mrs. S. J. Jackson to call on Mrs. Martha Hill of West Paris. They started right from the church and had a beautiful ride through South Paris to Mrs. Hill's. They found her very well and exceedingly bright and cheery and enjoyed the short call very much.

It was a pretty time of the day to drive home just at dusk, and the glorious red, orange and gold of the early frosted trees shone out vividly amongst the sober greens and purples and blue of the landscape.

Frank Millett came home from the C. M. G. Hospital, Sunday, after the week's stay on account of a stitch abscess following a very successful operation for hernia.

Miss Ruth Patterson of Oxford High and Farmington Normal is nicely settled at Green Elms with Mr. and Mrs. S. I. Jackson. She is very much delighted with her little pupils at the Millettville School and looks forward to a very happy winter of work and recreation.

Last week she went to hear Sousa's Band at Lewiston, Thursday evening, with her mother, and the week before she went to Mrs. Beulah Young's vocal recital with Mrs. S. I. Jackson and daughter, Eva Marian. Mrs. Rust Jackson, Boston, attended the Buck and Mrs. Bradlee Willis were also in the party. They enjoyed it all, especially the treat of hearing Charles Harrison, the famous tenor.

Verna Westleigh invited Miss Robinson who teaches at Crockett Ridge, and Miss Patterson, who teaches at Millettville, to join with her in their care to the Convention at Bethel last week, Thursday. They left at 8 a. m., picking up two Norway village teachers, the musical instructor and one from the grades. They went through South Paris and West Paris to Bethel, and report a most interesting gathering and gained new enthusiasm for their chosen vocation.

Mrs. A. G. Lovejoy is having a little visit with her daughter, Mrs. Arthur Morrill, on Pike's Hill road.

Dorris Bradlee spent the week end with her mother, Mrs. Rust Jackson, returning Monday to school at Nason, after an appointment with the dentist. Sunday she and her mother and grandmother Mrs. Beck, took a spin over through Lovell to enjoy the wonderful mountainous views.

Mr. and Mrs. A. L. Cook and Mr. and Mrs. Scott Kilburn called on friends in Millettville and Crockett Ridge, Sunday. They enjoyed a motor trip into the country.

Mrs. Harold Holt and daughters, Alma and Edith, spent Monday afternoon at Green Elms and enjoyed an auto ride with Mrs. S. I. Jackson, Miss Patterson, Mrs. Bradlee Willis and Eva Marian.

Mr. and Mrs. L. E. Littlefield and daughter Marion motored from Milford, Mass., on Sunday of last week to Green Elms to visit her sister. On Tuesday, they drove to Lewiston to see Marion, located in her room at Bates College, where she starts her freshman year in a full course, including Greek. Mr. and Mrs. Littlefield then returned to Massachussetts with their Hudson coach, "load," Mr. Littlefield said, "like a truck garden huckster's cart, with corn, cucumbers, pears, apples, shell beans and other good things that grew in plenty at Green Elms."

"Col. Dunham's Orchestra" is again in swing, playing at Lovell dances. Melie grows younger and fiddles faster than ever since his visit at the C. M. G. Hospital.

EAST OTISFIELD

First Annual Fair
The first annual Fair held at East Otisfield last Saturday, Sept. 27, was a great success in every way. The hall was beautifully decorated in the national colors, red, white and blue crepe paper, by the nearby ladies of the place, making it a very attractive place to display the fancy work of which there was an abundance of elegant work of various designs. Several silk quilts, log cabin quilt, bedspreads of knot stitch, and embroidery and several rugs covered the walls and many fancy towels and linens and other fancy articles had to be arranged over them for lack of space to exhibit all the articles. A table running through the hall was well covered with most beautiful hand work of all kinds. Very noticeable was an elegant bedspread set of silk applique. For lack of space it could not have the room it needed to show the beauty and value of the work. Many blue ribbons were on this table. Several stuffed squirrels and birds sitting on the tables added much attractiveness to the exhibit.

A fine display of farm products of the best quality among which was a mammoth pumpkin and squash, several kinds of beans, choice apples, potatoes, beets, and turnips of the very choicest varieties. Fine specimens of crook neck squash was shown by Arthur Bean.

A giant sunflower 12 1/2 feet in length raised by B. C. Jilison stood in one corner of the stage and stalks of corn 7 1/2 feet high raised by Arthur Bean occupied the opposite corner, adding grace and dignity to the exquisite display of antiques and the stage by Mrs. Dr. Elliott and Mrs. Sybil Lamb. An all wool quilt spun and woven by hand, filled with wool and quilted in a most fine and artistic pattern, well expressed the patience, skill and ambition of our predecessors of many years ago. So many kinds of beautiful specimens were shown it would be impossible to mention each one separately. Many other articles of ancient silver ware and china, brass candlesticks, old tin baker, bellows, warming pan used to warm the beds in winter, a foot stove in which live coals were taken to church to keep one's feet warm before churches were furnished with heat, and many other things of great value too numerous to mention.

Many bouquets of flowers were brought in by friends and a wonderful display by Mrs. Dr. Elliott added much beauty to the hall and comfort and convenience to invalids and shut-ins as they were given out at the close of the day. There were two windows full of canned goods of all kinds and varieties. Mrs. A. E. Brown had a fine display of various kinds of fancy work and antiques, in one corner of it had there were several ancient books and a pair of small scissors and a pen-knife originally owned by one of the first women who came into the town. In the general exhibit were many more articles of value and beauty which deserve special mention with the exhibitor's name.

In one corner of the hall was the exhibit of Broadview Farm. Braided rugs, log cabin quilt, several pieces of crocheted linen work, and yokes, towels made of the Swedish weave design, a French knot bedspread and pillow sham, table runners and centerpieces, a beautiful sofa pillow, the design was an American flag with an eagle resting on top, hand embroidered in silk; ten pairs of men's home knit stockings were among the exhibit, which bore the blue ribbon. Several other blue ribbons were on the exhibit. The vegetable display consisted of celery, cabbage, cauliflower, turnips, beets, parsnips, pumpkins, sweet corn, 3 kinds of potatoes and three of beans, plate of pears and grapes and a plate of eggs laid by spring hatched pullets of the R. I. Red breed, a pole of the stacked cranberry beans as they grew stood in one corner of the hall. A large, stuffed Osprey and a large Owl were among the exhibits. One corner of the hall exhibited aprons and other articles for sale by the Ladies' Circle, in the opposite corner was a fine display by Mrs. Lena Kemp Welch, of her pupils' work in East Otisfield school. Very nice work was shown of different kinds, showing the great patience and untiring effort of the teacher. The clay modelling was fine. Very noticeable was the miniature log cabin and its equipment. The writer thought it a good representation of the first settler of Rayville, who was Dr. David Ray who cleared the land and built his log cabin home and a log school-house. The men around Miss Welch's scholars' log cabin well represented the early settlers felling trees and clearing the land. Over their fine display was a banner, "East Otisfield School."

Outside the hall were shown pens of several kinds of poultry and several head of registered Jersey stock. The popcorn stand by the door and the nearby hot dog and confectionery stand were well patronized. Several fakes were scattered over the grounds. A very close, interesting game of ball was enjoyed with a victory for East Otisfield.

Mrs. Sybil Lamb visited friends in Gorham, N. H., recently.

Mr. and Mrs. Clarence Smith and daughter, Frances, and Mrs. Verna Smith of West Paris attended the fair at East Otisfield, last Saturday.

Henry Vosmus, who for several days was seriously ill, is a very little improved. His many friends hope for a speedy recovery.

Rev. Kimball of Oxford preached at the F. B. Church last Sunday. He gave a very interesting sermon. He will preach next Sunday, Oct. 5, at 10:30, Sunday school following. A good attendance is desired.

Mrs. Ernest Peaco returned, last week, from a visit with relatives in Boston.

Ernest Peaco has recently purchased a white Plymouth Rock cockerel of O. C. Records, of Paris, also a Rhode Island Red cockerel of E. L. Greenleaf.

Mr. and Mrs. Forest Russell and son, Parker, of Springvale, visited their uncle, N. M. Stone, Sunday.

The Weary Club

Norway, Maine

(By Morrill N. Packard)

Conceived in dire necessity
To meet a great emergency
Ten men came from the woods
And left the lobby guests exposed.

An institution really queer
In kind it is the pioneer
It has no pride of ancestry;
But hopes to aid posterity.

Who serves today the weary one
Who seeks his troubles well to shun,
His home defines simplicity
For tired men's necessity.

The floor is bare, the walls compare,
And furniture needs painting care;
Yet weary men with common grief
Here find, in common, heart relief.

The cost to each for time so spent
Is help in part, to pay the rent
And light and heat, as best one can,
To prove his worth as weary man.

No janitor around the place
Nor servant near with smiling face
For never work shall enter here
To violate the atmosphere.

To while away the gracious minutes
Resort is had to ancient tables;
A jack knife keen, a cedar stick,
Are primal things to do the trick.

A goodly knowledge of local lore
Of witty yarns a goodly store,
And new and olden pun and story
That drive away all care and worry.

Through falling shavings—big and little
That pile the floor as wretches whittle.
To guard against the loss of rest
Enthusiasts are harnessed to the zest;

So arguments sectarian,
Discussing questions partisan,
And prohibitions cease, its clear,
Are left to church and ardent seer.

Or what is life in realms above;
Or world wide peace revealed in love;
Or alcoholic content low;
So long as wit and knives are keen

And cedar sticks are long and clean
And change pile upon the floor;
While wearied chat and whittle more
Yet tis a blessing, good and true,

To village life, and surely new;
It makes the hotel lobby clear
The barber's time to shave and shear
The druggist free his drugs to mix

And puts the stores in better light;
And best of all for wits in doubt
To know their husbands' whereabouts,
It too has blessings negative.

It has no best advice to give;
Or quickly tries the world reform;
Or gets heat up of fancied storm
And never pesters folks with drives

Or funds 'till only life survives.
Oh! blessed Club, in wine content,
You teach the world, by wisdom lent
The way for weary men to rest.

Enjoying luxury the best,
And may the formula you found
Be sent in love the world around,
And may the ones who gave it birth,

When called to leave this weary earth,
Attend the place, in final turn,
Where cedar shavings will not burn
In quiet peace and lasting rest.

With whittling good for weary guest.
Baltimore, Maryland, September, 1924.

Outing at Green Elms

The Beginners Class of the Universalist Sunday School, Norway, were invited by their teacher, Mrs. S. I. Jackson, to spend the day, Saturday, Sept. 27, at her home at Green Elms. Eighteen were invited but owing to the sickness of two and four were away, there were twelve excited little youngsters waiting at 9:30 at the church steps when she drove up. She stayed nine away in the town and took three in front with her and away they started to the country.

Only one stop was made at the farm to put a cake of ice on the running board and then to Green Elms. Out they scrambled and tumbled pell mell. For the swing the girls headed and to the hay raked the boys! Such shouts of laughter! Then came a call to hunt for Neco wafers hidden about the dining room. Robert Hayden found 18 and Margaret Hill 17. The others ranging from 3 to 15. All were delighted with equal lots and devoured. Then came peanut butter sandwiches to lunch on while dinner was being prepared. Several of the boys assisted at turning the ice cream freezer and all helped husk dinner on the big porch. Twelve plates held ham timbals, mashed potato, an egg or corn buttered and a bread and butter sandwich. There were extra sandwiches on a plate in the center of the table.

When this course was eaten there were shouts of "ice cream" as the tray bearing generous servings of vanilla ice cream that they had helped freeze, came into view. Plates of raisin cake, cream frosted, and light cake, chocolate frosted, were passed and met with exclamations of delight.

Then came a fairy story and then a rehearsal for Rally Day and then races and games on the lawn. The final race at 3:50 was a cookie eating race, and their surprises of a candy sucker each were distributed and the 12 happy tots piled into the auto again and were driven to the Sunday School once more to go home and tell their parents how they had seen a pet lamb drink out of a bottle and had jumped in the hay and climbed trees to pick red apples to eat.

This party was two-fold, to get them together once more for Sunday School after the summer vacation and as a sort of a graduation as there are eight beginners ready to pass into the Hinchin's class this month. They are: Robert Frost, Robert Hayden, Robert Smith, Donald Partridge, Vivian Hutchins, Irvin Gurney, Margaret Hill, and Carlene Currier. Others at the party were Virginia Frost, Adelaide Emerson, Walter Hadden, Roy Lancaster and Wesley Lapham.

I. W. Waite returned from his work at Middle Dam, Wednesday. After the hunting season he will resume work at the "Nash of Maine" Taxidermy shop.

Mr. and Mrs. George Wood and family have moved back to Oxford, Mr. Wood is employed by Dr. W. B. Haskell.

"Miss Christine Leavitt has returned to Roxbury, Mass., after a short visit at her home here.

Rev. B. C. Wentworth Has

Had Active Career

Was Pastor at Norway for Five Years
Now Located at Old Orchard

Rev. Benjamin C. Wentworth, one of the oldest and most widely known clergymen of the Methodist denomination of Maine, and is located at Old Orchard. He is vice-president and one of the directors of the Orchard Beach Camp Meeting Association and Superintendent of the Camp ground.

He was born in Cushing, Knox County, February 25, 1848, the only son and the youngest of seven children. His early educational advantages were in the town schools and training at the Eastern Maine Conference Seminary, Bucksport. After teaching school for a time, he entered the Methodist ministry, joining the East Maine Conference in 1873, having served a year in the itinerancy without a break. Mr. Wentworth has the distinction of having answered the conference roll call fifty-one times.

Having served as a supply for one year before joining the Conference, he has been fifty-one years in active ministry, and during that time he has secured to his pulpit only seven weeks because of illness, and thirty days of that time he was in the Deaconess Hospital, Boston, where he underwent so serious an operation that up to that time every sixth man on an average who had passed through it, had died.

Mr. Wentworth was pastor of the following churches three years each, as that was formerly the time limit—China; Wiscasset, Boothbay and Camden. His next appointment was at Houlton, Aroostook County, where he remained two years; and then located at Belfast by special request of the official board of the church. At the end of his pastorate of three years at Belfast, Mr. Wentworth was appointed presiding Elder of the Bangor District in 1889, serving the district term of six years. In 1895 he was transferred to the Maine Conference and stationed at Skowhegan, where he remained four years. Then he went to Berwick, where he was pastor for four years, and from there he was appointed District Superintendent of Portland District, making Old Orchard his home during his six years' term of office. From here he went into the pastorate again, serving Norway and Yarmouth churches five years each, and finally closing the active pastorate at West Kennebunk at the end of his third year there, since which time Mr. and Mrs. Wentworth have made their permanent home on Ocean Avenue, Old Orchard, where Mr. Wentworth, who is a scientific gardener, enjoys working in his large and productive gardens.

Mr. Wentworth was a delegate to the Methodist General Conference in 1904 when the sessions were held at Los Angeles, California. He was converted when he was twenty-two. At the age of 21 he married Miss Sarah I. Clifford, the daughter of Rev. W. J. Clifford, brother of the oldest having given his life for his country during the Civil War, and the other three became Methodist preachers, two of whom have gone to their reward, while Rev. J. R. Clifford is pastor at Richmond.

Three children, have blessed the home of these parents, Charles, married but a year, and was not for God took him." William Clifford Wentworth was the eldest, and he was licensed to preach when he was only eighteen years of age, but he was never strong physically and after fifteen years of faithful service, he passed out at the age of thirty-three years, leaving a widow and five children.

The widow, Dr. Alda G. Wentworth, Saco, is a well known Osteopathic physician and president of the State Society of Osteopaths. The three younger daughters are recent graduates of Thornton Academy, Saco, while Doris, the oldest child, is a very important factor in her brother's life, with his New York bride, as enjoying his well-earned vacation at Old Orchard. He is employed by the Burroughs Adding Machine Co. as inspector of 3000 machines, and his territory is in the heart of New York City.

Mr. and Mrs. Wentworth's daughter, Mrs. Ethel Box, who is a graduate of Syracuse University, having her degree as Bachelor of Music, is a successful teacher of voice and piano at Lexington, Kentucky, where her husband, Mr. Harry Box, has charge of the music in one of the churches, with a trained chorus choir of sixty voices, with Mr. Box as organist. He is the soloist and also the pastor's assistant.

Mr. Wentworth has been active for many years in his advocacy and support of the laws for temperance, social reforms and good citizenship. He has been identified with several of the great welfare movements of this State, having been a staunch supporter of the famous General Neal Dow, and having spoken from the same platform with General Dow, in some of the old Prohibition campaigns.

Thomas J. Logan

This community was shocked and saddened, Tuesday a. m., Sept. 23, when the news was received that Thomas J. Logan had been found dead in the road just out of sight of his own home. At about nine o'clock he left his home in his usual health, whistling and on the run as usual, to go to his nearest neighbor's, Clarence McAlister's, from where they were to go to their work together. When ten o'clock came and he had not arrived, Mr. McAlister started after him and met the young men who hauling Mr. Logan a load of wood had found the body. A doctor, coroner and undertaker were called and pronounced it heart trouble.

He was born in Truro, N. S., in 1886. Nearly twelve years ago he came to this town and in 1914 he married Mrs. Carrie Penley and to them were born three children, George L., Harry R. and Hilda A., all left to mourn a loving husband and father, also two step-sons, Carlton and Clayton Peuley, besides five sisters and three brothers in his home country. His cheerful "good morning" and merry whistle will long be remembered and missed. They family have the sympathy of the entire community.

The funeral was held at the Songo schoolhouse, Mr. Oliver of Bethel speaking words of comfort to the sorrowing ones. The bearers were Thomas Kennebec, Bernard Harrington, Clarence McAlister and Clarence Waterhouse, all friends of the deceased. He was laid to rest in the Songo cemetery. The closer we study their lives, and the better we know their deeds, the more profound is our admiration and the greater our reverence for the Pilgrim Fathers. Between the drafting of their immortal charter of liberty in the cabin of the Mayflower and the fruition of their principles in the power and majesty of the Republic of the United States of today is but a span in the records of the world, and yet it is the most important and beneficial chapter in history. To be able to claim descent from them, either by birth or adoption, is to glory in kinship with God's nobility—Chamney M. Depew.

The beautiful Fall Sunday called out an unusually large congregation for the time of year, at Hunt's Corner, Sept. 28. Mrs. Ives, who has been preaching there all summer, gave a very practical talk on the beginnings of prayer. Many people say that they don't know how to pray and that God seems far away at times. Mrs. Ives said that Christ had that God was often hard to find and that successful prayer came only as a development. One of the steps she suggested, however, was to enumerate the everyday blessings we take for granted, food, beauty all around us, friends, and to express to God our thanks and praise. All press to God our thanks and praise. All press to God our thanks and praise. All press to God our thanks and praise.

There will be services every Sunday as usual through October.

A social hour was spent with old friends, then Miss McDuffie of Portland entertained with humorous and interesting readings. Hazel Wardwell gave a piano solo and Miss Jamerson and Mrs. Alta Bird gave a reading.

Mrs. Reed of Portland gave an interesting talk on what the State of Maine is doing for the welfare of children. Many thanks are due to our generous hosts, also to Miss McDuffie, Mrs. Reed, Miss Jamerson and Mrs. Bird.

AN OPEN LETTER TO WOMEN

Tells of Mrs. Vogel's Terrible Suffering and How She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Detroit, Michigan.—"My troubles were severe pains in my back and terrible bearing-down pains in my right side, also headaches and sleepless nights. I first began having troubles when I was 15, and they have increased as I grew older. A little booklet was left at my door, and I read what Lydia E. Pinkham's Vegetable Compound has done for women and decided to try it. After the first week I could go to sleep every night and I stopped having that nervous feeling and got a better appetite. The doctor had always said that an operation was the only thing that would help me, but I never had any faith in an operation. Since the Vegetable Compound has started helping me I do not suffer the severe pains, feel stronger, and am able to do my own work. I am more than glad to tell my friends that it helps where other medicines have failed."

A record of fifty years service must convince women of the merit of Lydia E. Pinkham's Vegetable Compound.

FISHING TRIP STORY

Sourdnhunk Lake, Me., Phoenix Camps

Same old story from home here. Left Norway, Wednesday at 10 o'clock and 20 minutes and arrived at the Blethen House, Dover-Poxcroft, at 4:20 p. m. Roads good and weather fine; big crowd on the State Fair Grounds. Traffic congested in and out of Lewiston and rest of the way about normal. Distance from Norway to Dover, via Lewiston, Augusta, Newport, 133.9 miles.

A short stop made in Augusta to return the call Editor John Lane made us the day before. He came to Norway to attend a wedding and we were in the Capitol City en route for fishing.

Dover-Poxcroft is prosperous. It looks like it. The bridge over the river once connected the two towns, but they are now hyphenated by legislation enactment and get on in peace as one town.

Tim Pollard were seen. The commissioner is a busy man and is supposed to be on duty all over the State at one and the same time. It is difficult to do this, but Mr. Parsons is doing all he can to accomplish it. He is held responsible for poor fishing and scarcity of game. Also for poaching and forest fires. We meant to have asked him if the students at summer camps paid a license fee. Nearly all of them fish. Why shouldn't they pay? They kill thousands of fish. Another thing he should have passed comment on the gentlemanly conduct of his game wardens. Not once have we been interviewed regarding the possession of a license and we have never seen one so rude as to make such an inquiry of a Brunswick we have been treated differently and have been asked to show our licenses.

Dinner was eaten at the Grant Farm where the scenery is unsurpassed. Ragged Lake is close by and fish are said to be plenty. It was here we saw our first wild deer some 30 years ago. We were on our way to the old Maine place near Caribou Lake with F. A. Shaw and party. The changes here in that time are many. The farm is owned by the Great Northern Paper Co., and many new buildings have been added and it is in itself a whole village.

A doe and fawn were seen in the road near Chuscook Dam. We drove close to them before they took to cover. The gates at the big dam were all closed and had been for some hours. Four good trout were taken. The water is seldom shut off so these pools can be fished, but when it is, big trout are caught. Getting the logs through "the gulch" or out of it caused the gates to be closed almost two days.

Arthur Simmons, caretaker at the dam and gate-keeper, says travel is holding out well this season. He keeps a record of cars that pass over the dam. More than 500 cars have crossed this season. At the opening of the hunting season last fall 108 cars passed over in two days. The average number per car was five, hence a regiment of five hundred were in the woods. No wonder the deer are shooting accidents in the woods of Maine!

From Bipogenus Dam to the end of the road is 13.8 miles. The road stops a few rods east of Sourdnhunk stream. The guide board says 6 miles to York's Camps, some who have gone over it say it is 9 miles. Braden's Camps are a mile nearer. There is wonderful trout fishing in the numerous nearby ponds. Camp Phoenix is 5 miles from "the mouth of the road," three of the miles are made by buckboard and the balance in a canoe. We rode in and enjoyed the bouncing round for one hour and ten minutes.

We had Camp No. 4, one removed from where we stayed last year. Then we occupied Camp No. 3, the one in which Elgin Greenleaf, some 30 years ago, took refuge from an infuriated bull moose. Scars of the battle are even now visible and impaled blades of a moose's horns in the logs tell the story of that awful struggle.

This is about the way the story runs during our stay here:

Thursday, Sept. 4.—Fourteen sports in the camp. Fish biting well. We managed to get one.

Friday, the 5th.—Four people gone out, 2 come in, total in, 12. Weather changing. Heavy south wind all day. Fished 5 hours and got nothing.

Saturday, the 6th.—Heavy south west wind, uncomfortably tempestuous on the water. Landed 35 for us in camp. Six new arrivals, hence 16 in camp besides guides. There are from 6 to 8 guides. They eat in the same room with the guests.

Sunday, the 7th.—Same here as at other sporting places. To three-fourths of the people violate the Sunday Blue Laws of our forefathers. Wind southerly and cold. Heavy frost this morning as well as yesterday morning. Ice the thickness of window glass, was on a pair of water near the wharf.

Monday, the 8th.—State election out in the clearing. Twenty people here. Charles Daisey stopped in camp last night. Sun shown part of the day; wind south and south west with indications of a coming storm. Fished 7½ hours and got 9 fish.

Tuesday, the 9th.—Wind storm has got here. Strong from the south. Threatening waves roll on the rocky beach with soothing monotony. Fished a half hour and got nothing. Did not see a fish break. Those who left camp today walked to the dam, two miles of bad road. One party started for Coombs, 11 miles walk, intending to be out two nights and three days.

Wednesday, the 10th.—High winds have brought greatly needed rain. It blew strong from the east most of the day and late into the night. Fished half an hour and got one trout. The guests number 18. There are new faces at the guides' table.

Thursday, the 11th.—Rainy, squally, with wind and sunshine. Everyone anxious to fish. In the forenoon 22 trout were taken. Too much wind and wave for comfort. The mail for Kidney Camps came here and ours is supposed to have gone to that popular fishing camp. It is 13 miles to that camp and 26 miles travel is too much. They will send it here at the earliest opportunity the same as we shall their mail.

Friday, the 12th.—Packed up and leaving camp. Four go out at 8 o'clock and we are soon to follow. Heavy south wind. Arnold Daisey occupies stern of canoe and Walter Smith the bow paddle. Arrived at dam in 25 minutes. Enjoyed ride greatly. Thus ends our fishing in Sourdnhunk Lake for 1924.

Total number taken, 76; No. killed, 13; hours spent in actual fishing, 32 1-4. The fish would average close to a pound each, at least many of them did.

The cows insist on visiting the field where the grass is good. The fence runs out some distance in the water, but the knowing animals would not be driven out only to come back again by the same route.

The camp supports, or at least has, a circulating library. On a rainy, windy or off-day, you go into the kitchen and ask for books. An attendant will be produced from somewhere and you select what strikes your fancy and retire to your cabin. A Sears, Roebuck Catalogue No. 147 thumbed and worn occupies a conspicuous place on the office table. It is the reference book for all material things as the World Almanac is for dates, events and facts. It is referred to often than the dictionary and highly prized and praised by all living here. The mail comes in a leather sack hold- ing less than half a bushel. At times it's year.

locked and sometimes it isn't. The custom is to empty its contents on a desk and let the guests help themselves. At other times the sack is hung on the back of a chair and you look the contents over, returning to the bag what is not yours. When the team goes out what remains in the bag is emptied on the table and the mail-bag on the wall is taken down and its contents put in the sack. It's convenient. The mail gets here about every day. If you are over anxious for the news you can talk with the Grant Farm or the Greenville operator.

The herd runs at will in the woods. Some of the cows wear bells that tinkle all night as well as in the day time. The "help" and there are several who take turns in getting them up. It fell to Arnold the other night to find them two miles beyond Dwell pond—5 miles away and drive them in. They are frequently found in "the old works" at the dam ten miles out. A Scotch Collie assists and does good. A Scotch Collie assisted cow came near killing him recently. She tossed him into a brush heap and came near trampling him to death. We notice the dog is game and contents himself in biting her heels and legs and dodges her horns. The bull we understand after several battles has gracefully submitted to be driven by the dog.

Arnold Daisey, son of Charles, is the walking boss of the camps. In cutting meat the other day he picked the joint next the nail of his middle finger drawing blood. He thought little or nothing of it. The due course of time the finger began to swell and pain him. It didn't respond to local treatment. A Somerville, Massachusetts doctor was consulted. He slit both sides of the swollen finger and bathed it in iodine and it's getting on nicely.

A cow moose is living near Dwell Pond. It has been seen by several sportsmen and guides.

We are setting in a large leather lounging chair; it's equipped with arms and rockers and is much like those in the DeWitt Hotel office in Lewiston though not quite as uncomfortable. Just think of it! Sixty-five miles from an ice cream parlor and in the wilderness, too, and such furniture!

The devil's paint brushes grow, bloom, and blush and wink at you here the same as in an organized township.

A round pointed shovel is handy. Earth in the garden is disturbed as if it had been dug over for worms. Artificial flies on not larger than No. 8 hooks is legal in this lake. Anything except dynamite can be used in this lake. Dwell Pond, Center and a dozen other ponds in the vicinity hence worm digging in the garden is all right.

Pictures of Lincoln, Roosevelt, Wilson and some dogs hang on the log walls of the dining room. The floor is uneven and people often stumble in leaving the room just as they did before the Volstead Act.

Walter insists there are not as many "Sentinels" on the rising ground back of the camps as last year. He must have seen double then. There are six now. Three painted green and 3 unpainted. They serve a useful purpose and are conspicuous.

Chas Daisey has David Harum of the of the North Country backed off the map for saving truck and running gear. It is made possible by having more room than Uncle Joe Kezar. All the store-houses and hovels are crowded full and overflowing. We counted a dozen worth- less boats, canoes, buckboards, etc. Saw mills, gasoline engines, 3 pigs and the same number of cows. One bull and 50 chickens with millions of trout in the lake. Who shouldn't be happy even if the wind blows and the rain falls?

The camp is all comfortable and water tight if not mosquito proof. Each house has a stove and there is plenty of wood. You only have to pick the shortest sticks and "fetch it." No chore boy here. The water is handy. You can bathe in the lake or bring water indoors as you

CASCO

Reception

The reception given to the Freshman class of Casco High School, Friday evening, Sept. 26, was very well attended and was very enjoyable. Principal Russell D. Baker and Assistant Principal Carol Rogers did all possible to make it a success and were amply repaid. The program consisted of a Grand March by the classes, the Freshmen bringing up at the rear with their Teddy Bears and comic dolls. Each Freshman was called by name and introduced with a verse read by Miss Mattie Morse of the Sophomore class.

Then came the presentation of gifts of green hats and handkerchiefs, the penalty for not wearing the latter a week was that of boot black.

A formal reception was then given the class and congratulations extended. Next came a potato race, two groups of four boys and four girls and one of the two Marjorie Davis and George Tenney. A traveling game with two outfits was won by Ernest York and Allen Duntley.

Ice cream and cake were served to about one hundred guests and the Freshmen class was banquetted in style in the Grange Parlor on the platform.

Music for the evening was furnished by Leach's orchestra. Casco High School now has the largest attendance in its history.

Mrs. Winifred Burgess, who has been teaching the Raymond, Village school, Mrs. S. A. Rogers of Freeport, Mrs. Eugene Scribner and Mrs. Baker of Otisfield, Mrs. Henry Watkins and Mrs. Shann of Bridgton Road, Myron Winslow and friend of Webb's Mills were guests attending the reception.
